

TRAUMA INFORMED EDUCATION COALITION

TEACH - INFORM - EDUCATE - CONSULT

OUR MISSION

TIEC strives to set the standard for education and training concerning the impact of emotional and psychological trauma and seeks to transform society through high-quality professional development specifically designed for people-serving institutions, agencies and organizations.

The Trauma Informed Education Coalition (TIEC) is an organization of lay members, grassroots organizations and professionals from the fields of education, counseling, psychology, social work, and law. We plan and conduct the most expert trauma-informed professional development available for entities that serve children and their families. TIEC is a Pennsylvania Department of Education Act 48 provider.

TIEC provides state-of-the-art, collaborative professional experiences and outstanding expertise that together deliver the highest quality, most transformational service available. We are committed to advance a strength based, resilient society.
